DETAILED ACTION

Allowable Subject Matter

Claims 1,3-13,16-21 are allowed.

Claims 2,14,22 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claim Objections

Claims 15,23 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim must depend on different claims in the alternative, not the same claim in the alternative. See MPEP § 608.01(n). Accordingly, the claims have not been further treated on the merits.

Claim Rejections - 35 USC § 112

Claims 2,14,22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. There is no proper antecedent basis for 'the orthogonal planes' in line 2. The format of claims 14 and 22 is confusing such that it is not clear what is being positively claimed. To overcome this format problem, for example, the phrase 'Claim 1' in claim 14 should be replaced by the structure being positively claimed.

Response to Arguments

Applicants' comments have been considered but are only persuasive for the prior art rejections. Claims 15 and 23 are improperly multiple dependent and must be

corrected. Claims 14 and 22 still have indefiniteness problems such that it is not clear what is being positively claimed.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
